We want to congratulate and inform you that academic council of World Laparoscopy Hospital has accepted your application for four week [F.MAS and D.MAS] Fellowship and Diploma in minimal access surgery course for your desired month of [.....].

The "Hands On" training, which is accepted globally by the Government of more than two hundred countries is scientifically designed by academic council of World Association of Laparoscopic Surgeons.

World Laparoscopy Hospital is the only institute in the World which during its Laparoscopic Hands On Training gives free demonstration of High definition four arm da Vinci Robotic surgery so that surgeons will not remain untouched with this high end surgical skill. During four week course surgeon and gynecologists also get basic "Hands On" Training of Robotic Surgery on real da Vinci Surgical Robot. We also offer separate Fellowship in Robotic Surgery Course.

Now the next step is the university registration. We need to deposit the University registration fee on your behalf as early as possible. This initial registration fee is 200 USD or 10,000 Indian rupees only. This initial fee will be deducted from the total tuition fee. If due to any unavoidable circumstances your VISA or leave is delayed your registration fee will be valid for next future course. Once your registration is finished we will send you the invitation letter and on behalf of this you can apply for leave or VISA.

With regards

Sadhana
