The training offered in this program enhances the skills of beginner and intermediate person's skills in minimally invasive surgical procedure. Under this training course, candidates will undergo live surgery, workshops along with the group discussions on the topics related to Arthroscopic surgery. Entire course carried for 3 days and the course starts on 26th of February, June and October.

- **Laparoscopic Surgery Training Course for Operating Room Technician and Scrub Nurses:** It's a 5 day training course certified by TGO (The Global Open University) University. The candidates room technicians and scrub nurses can able to improve their Minimal Access Surgical Care and helps them to adapt to the real world. This training course would carry from 20th to 24th of every month.

- **Course for Laparoscopic Trainer:** Professor and the founder of WLH R.K Mishra offer this course in order to help the surgeon, Urologists and Gynecologists to gain experience in the laparoscopic surgery. The candidates for this course must possess professor rank with the minimum of 15 years of experience.

Dr. R. K. Mishra - Robotic Surgeon

World Laparoscopy Hospital

World Laparoscopy Hospital is providing complete Hands On training where surgeons and gynecologists can learn all the practical tips of laparoscopic and da Vinci robotic surgery. A major development in state-of-the-art laparoscopic Surgery was initiated by the setting up of the eminent World Laparoscopy Hospital in year 2001 with the prime objective of imparting hands-on knowledge in laparoscopic procedures to potential surgeons and gynecologist from all over the World.

The founder of World Laparoscopy Hospital, Dr. R. K. Mishra says “The surgeons from the disciplines of General surgery, Gynecology, Urology and Pediatric surgery will stand to gain immensely from this Laparoscopic training program. Underneath the circumstances, a contact with a Structured Training course in an early stage of the career will go quite a distance in succeeding as experts in minimal access surgery.”

All the courses which are offered by the World Laparoscopy Hospital are fully recognized by World Association of Laparoscopic Surgeons and International College of Robotic Surgeon. For more information about these training programs surgeons and gynecologists can log on to <https://www.laparoscopyhospital.com/>
